Head Teacher: Mrs Nichola Stewart

Dear all,

Following half term we are really excited to be able offer our children an enrichment afternoon each Friday. The purpose of these sessions is for our children to mix across the age ranges and school buildings and to choose an activity they would love to be part of. We are looking for anyone who could give up a sequence of Friday afternoons for the next half term. The most popular enrichment options as chosen by the children are: parachute games, Sing your heart out, Forest schools, Nurture, art, construction, sewing and playground games. Each of these will be running. If you are interested us in a particular activity then please let Nic or Lynne know. Any help gratefully received!

Mrs Nichola Stewart,  
Head Teacher
