Dear Parents/Carers

Lateral Flow Tests and PCR Tests

Here's a reminder about what to do if your child or any member of your household displays symptoms of COVID-19.

If your child (or any member of your household) develops Covid-19 symptoms, **they need to take a PCR test**. All your household should also **self isolate** until the results are back. To arrange a test, call **119** or go to **gov.uk/covid19**

If your child (or any member of your household) develops Covid-19 symptoms, a **Lateral Flow home testing kit is NOT sufficient**. These tests are only used to help find people with no symptoms but who could still be infectious and pass the virus onto others.

If a Lateral Flow test ever shows a positive result, **a PCR test must be booked**.

If you have any questions or concerns, please feel free to contact the office.

Many thanks

Suffield Park Infant and Nursery School
